RESEARCH INTERESTS

I study the social, political, and economic microfoundations that drive political regime transitions, social stability, and economic efficiency. I am also interested in experimental studies on the causes of political polarization.

WORKING PAPERS

“Misreading Social Identity Theory: Why Affective Polarisation Research Got It Wrong”
Revise & Resubmit at Political Studies Review.

“Competitive Dynamics in Organizations” (with Qijing Yang), Best Paper Award, IOEA
(Institutional and Organizational Economics Academy, France), 2025.

“The Strategic Erosion of Competitive Elections in Rural China” (with John James Kennedy).

WORK IN PROGRESS

The Nature and Origins of Affective Polarization (with Ingles Nguyen Kristy)

Social Ties and Political Regime Transitions
